In deze handleiding tonen wij de installatie van een **EU-rechtse** boogdeur. De installatiestappen zijn niet afhankelijk van de draairichting; u kunt dit stappenplan zonder problemen volgen voor zowel links- als rechtsdraaiende deuren.

Dans ce manuel, nous présentons l'installation d'une porte **EU droite**. Les étapes d'installation ne dépendent pas du sens d'ouverture ; vous pouvez suivre ce guide sans problème, tant pour les portes ouvrant à gauche que pour celles ouvrant à droite.

In this manual, we demonstrate the installation of a **EU right** arched door. The installation steps are not dependent on the rotation of the door; you can follow these instructions without any issues for both left- and right-handed doors.

In dieser Anleitung zeigen wir Ihnen die Montage einer **EU-rechts** angeschlagenen Bogentür. Die Montageschritte sind unabhängig von der Drehrichtung; Sie können diese Schritt-für-Schritt-Anleitung problemlos sowohl für links- als auch für rechts angeschlagene Türen befolgen.

In the box & installation essentials

01 - In box 1

01.1 Staanders - Montants - Uprights - Pfosten

01.2 FU (Bevestigingsprofiel - Profile de fixation - Fixation profile - Befestigungsprofile)
